

PED Pouch™

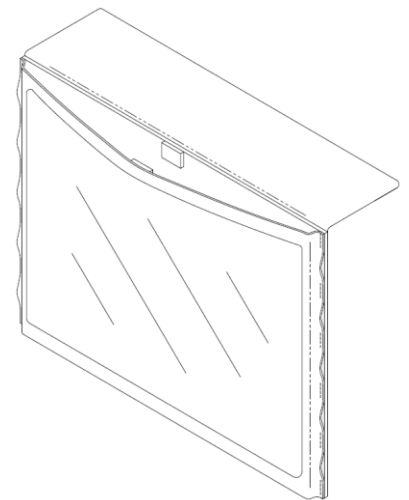

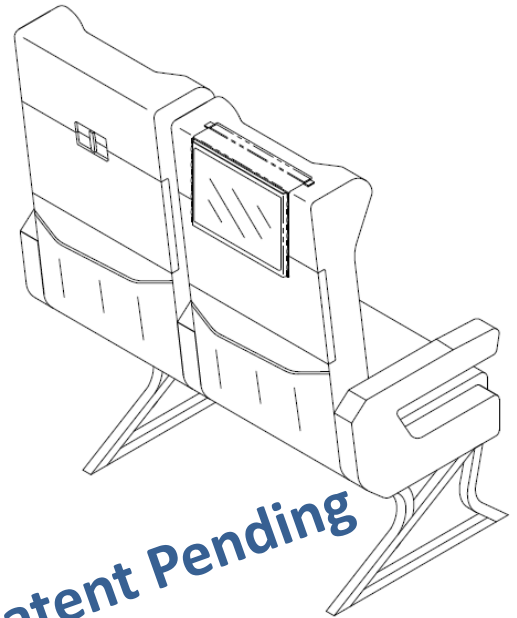

The **Personal Electronic Device (PED) Pouch** provides a passenger enhancement solution that is long overdue. Now you can use your PED hands-free without taking up tray table space. The PED Pouch™ also provides an adjustable viewing angle to prevent neck strain during your flight.

Your PED can now be positioned in a location and angle best suited for your comfort and satisfaction!

Features

- ✓ Designed to fit existing iPads®, Android® Tablets, E-Book Readers, cell phones, etc.
- ✓ Clear viewing window also permits passenger to control their PED with touch sensitive operation.
- ✓ Attaches to every aircraft seat, without impacting seat certification.
- ✓ Slots on all sides accommodate charging cables, headphones, etc.
- ✓ Mechanism on backside of PED Pouch™ provided to adjust viewing angle of the PED for optimal viewing.
- ✓ Meets FAA flammability requirements (FAR 25.853).
- ✓ Available in a wide variety of leather and fabric options to meet airline branding and interior design requirements.
- ✓ A complimentary solution to airlines offering Wi-Fi and streaming IFE.

Patent Pending

Tracking Option

- ✓ Embedded Radio Frequency Identification (RFID) device can be embedded into the PED Pouch™ to ensure it is not removed without authorization.
